

SPRING CLOTHING—M. GUTMAN & CO.

A Fit Costs no more than a Misfit.

There is nothing saved by buying badly fitting clothes. It takes just as long to cut and sew a coat that's too wide or too tight, or a pair of pants with bulging knees as though they fit perfectly. Hence why not buy perfect-fitting clothing, or to be more specific why not

—BUY YOUR CLOTHING AT—

GUTMAN'S,

THE OLD RELIABLE,

Where an experience of thirty years has reduced the making of clothing to a science that knows no misfits. Immense as is Gutman's new Spring Stock there isn't a bungling garment in it. Some are finer than others, but whether a suit cost \$5 or \$20 IT FITS.

MARVELS IN BOYS' CLOTHING.

Come and see our line of Eton Suits of fine blue cloth or light-colored cassimeres, also blue, brown, green and black English Velvets—all prettily embroidered.

Reefer Suits.

Just the thing for school. Materials, Blue Chevrons. Coats with brass buttons and broad binding.

THE INTELLIGENCER IS A CLEAR AND PRESENTABLE PAPER.

THE PRICES OF ICE

Still Agitating the Handlers and the Consumers Alike.

ANOTHER CONFERENCE YESTERDAY.

There will be no new Plant this Year, but it is Pretty well Assured that Ice will be Bought at a Reasonable Price by Large Consumers—Some Proposals Made.

There was another conference of ice consumers and dealers and representatives of the Wheeling Ice Company yesterday, the result of which was not intended to get to the ears of the newspapers, but in a general way the result may be given reliably. It is quite definitely settled now that there will not be a new ice plant built in Wheeling this year. There are plants convenient to Wheeling, however, which may get a large part of the ice trade of the city this season. The offer of Mr. Schmulbach to furnish ice at \$2 a ton is all right as far as it goes, and no doubt his product will be contracted for, but he can only furnish sixteen tons a day, while two of the largest dealers haul out thirty tons or more a day in the hot season. It is readily seen, therefore, that this source of supply is inadequate to the demand.

Mr. Conners of the Wheeling Company, is said to be waiting for a proposal from the consumers, but a member of their committee said last night that they would have no proposition to offer. Mr. Conners still insists on his price of \$4 a ton to dealers, while the dealers want it at \$3, so that they can furnish it to large consumers at twenty-five cents a hundred.

In the meantime other interests are getting into the field. One man offers to contract to furnish consumers all the ice they want for 20 cents a hundred. Another offers to do the same at 25 cents. Where they intend to secure their supply is not known, but there is said to be capacity in this section of the country to supply twice the demand for ice that ever existed, and the gentlemen who make these offers are supposed to be acting as agents for outside manufacturers.

LOCAL BREVITIES.

Matters of Minor Moment in and About the City.

THE GRAND this evening—"Hearts of New York."

The puddlers at the Anna-Standard mill are again at work.

THERE is a larger acreage of potatoes being planted in this section this spring than for several years.

THERE was only one case in the police court yesterday, George Burkhardt, charged with disorderly conduct. He was fined \$1 and costs, which he paid.

The first street sprinkler of the season made its appearance on the streets yesterday, in spite of the fact that the local rain flag was out at the weather observatory.

At the county jail the annual house cleaning is going on, and the interior of the cell room is being whitewashed and generally renovated. It makes a wonderful difference in appearance.

While the hose reel of the Wheeling No. 4 engine was out for the purpose of exercising the horses, the hub brass on one of the wheels became loose and was lost somewhere. The finder can return it to the engine house.

LOCAL rains were predicted yesterday, and they came. It rained three times last evening, fully three minutes at a time, and between showers the moon and stars were shining brightly. The weather was uncomfortably warm.

The steel plant of the Wheeling Iron and Steel Company in Benwood was expected to have gone on in full last night, but on account of the natural gas connection not having been completed, the start will occur on next Monday morning.

FISHING was not so good about the mouth of the creek yesterday as on the two previous days, but more people were fishing. Several hundred herring were caught. One man rowed out into the river in a skiff and caught six or eight fine jack.

LOTTIE WILLIAMS will open an engagement at the Grand Opera House this evening in "The Hearts of New York." Both the star and the play have earned general popularity, and the performance this year is said to be more attractive than ever before.

JOSEPH LOWE's "Turkish Bath" nine, better known as the Silver Leaf Club, defeated the McLure house wagers, better known as the Wonders, by a score of 14 to 12. The boys would like to hear from any club under twenty years of age through this paper.

GEORGE W. MILLER was at Moundville yesterday looking after his property on the camp grounds. Families will soon begin to move there if the present kind of weather prevails. The hotel has been rented by a Benwood party, who will take charge the first of May.

The Miners' Strike.

The general miners' strike will not affect Wheeling materially, for the reason that the local strikes have so demoralized the ranks of the union miners that, as one expressed it yesterday, there is nothing left to strike for. Over in Ohio it will probably be different, as the men in the Columbus district went to work some time ago with a view to striking when the time was ripe.

In Clerk Hook's Office.

In Clerk Hook's office yesterday the charter of the Featherington-Shearer co-operative glass company, of Bellaire, was filed, with a power of attorney from that company to John A. Howard.

A deed was admitted to record dated April 12, by which Leopold Kress and wife conveyed to Joseph H. Wilson lot 63 in the Belvedere addition.

THE STATE PRESS MEETING.

The Details Arranged for the Annual Convention Here.

President Stuart F. Reed, of the West Virginia Editorial Association, has issued a circular letter to the members, from which the following is taken:

The arrangements for the meeting of the West Virginia Editorial Association at Wheeling have almost been completed. The session will begin on Tuesday, May 8, at 2 o'clock p. m., and it is important that every member be present at that time.

This meeting presents an excellent opportunity for the newspaper men of West Virginia to visit the largest city in the state, and one that leads the world in some lines of manufactures. Through the columns of the city press the members of the association are assured of a cordial welcome, and every indication at present points to a profitable meeting, incident to which there will be many pleasant memories.

At the last meeting of the association A. B. Clark, of Buckhannon, was elected historian, F. V. Aler, of Martinsburg, orator, and Robert McEldowney, poet. Among the topics that will be presented to the association for general discussion are, "Relation of the Country Weekly to the Metropolitan Press," "What the Public Expects of a Local Newspaper," "The Advertising Department," "Newspaper Legislation," "How to Increase Circulation," "The Use of Stereotype Plate," "Local Correspondents," "Careless Journalism," etc.

Members are expected to take part in these discussions and present to the association any suggestion they may deem relevant to the cause of successful journalism.

Mr. Charles O. Scull, the very courteous general passenger agent of the Baltimore & Ohio railroad, has generously tendered transportation to Wheeling and return to all bona fide West Virginia newspaper men and their wives. All members desiring transportation over the Baltimore & Ohio, should make application to Mr. C. O. Scull, Baltimore, Md. Transportation over the Ohio River railroad can be secured by addressing Mr. W. J. Robinson, Parkersburg, W. Va., and over other roads by applying to the proper authorities.

The usual excursion features have not been overlooked. A special train service has been secured, and several suggestions and plans are being considered and will be announced in due season. All transportation relating to the excursion will be arranged at Wheeling.

All kinds of Nursery stock delivered fresh from Reid's Nurseries. Tel. 1415.

MARRIED.

DITTMAR-TAYLOR—On Wednesday evening, April 18, 1894, at 5 o'clock, by the Rev. C. H. Henthorne, at the residence of the First M. E. Church, Wheeling, Ohio, Mr. ALBERT DITTMAR and Miss NANCY TAYLOR.
